TOURS & TRAVEL

**CASABLANCA VALLEY**  
**( lunch included )**

We invite you to discover a new concept of vineyards. In the middle of the Casablanca Valley, it's located "RE" vineyard; this is a small family winery, which has already passed through 9 generations.

This is one of the few vineyards that create their own liqueurs and has a unique concept of wines, based on REcreate and REinvent ancestral wines produced in the last centuries in clay jars.

After visiting the vineyard and tasting some of their wines, you will go head into a unique wine experience at Veramonte Vineyard, located also in the heart of the Casablanca Valley where you will do Tour & Tasting and then enjoy a delicious lunch.
